Your Complete Supply Guide for the Winter Crochet Along

Welcome

to the Winter Landscapes Crochet Picture Set

I'm so excited you're joining this creative crochet adventure!

In this crochet along, we'll be creating three beautiful winter landscape scenes, each brought to life with a collection of mix and match appliqué elements.

From pretty winter flowers to snowflakes and stars, you'll be able to customise each picture to create your own unique scene. No two landscapes need to look the same — this is your chance to get creative.

Whether you're joining in real time or crocheting at your own pace, this guide will walk you through everything you need to get ready.

Let's create something beautiful together 💚

What's Involved

What's Included in the Crochet Along

- Three main landscape picture patterns
- A collection of mix & match appliqué elements
- Step-by-step written instructions
- Stitch guidance where needed
- Video tutorials for visual aid
- Creative freedom to design your own finished scenes

This pattern set is perfect for confident beginners and beyond. You'll use familiar stitches with thoughtful placement to build the landscape details, while the appliqué pieces add dimension and personality without complicated techniques. The finished pictures can be framed, mounted onto canvas, or incorporated into cushions or wall hangings — giving you plenty of creative freedom.

About Concrete Gems Crochet

Hi, I'm Gemma, the designer behind Concrete Gems. I create easy, textured crochet patterns inspired by nature – perfect for makers who love relaxing projects with beautiful results.

Crochet has been a big part of my life for many years, and I'm passionate about sharing it with others. Through my patterns, tutorials, and Crochet Alongs, I aim to make crochet clear, enjoyable, and confidence-boosting – whether you've been crocheting for years or you're still finding your rhythm.

The Seasonal Landscapes Picture Set Crochet Along combines two of my favourite things:
✨ nature-inspired designs
✨ oodles of texture with a bit of fun thrown in too!

I'll be with you every step of the way – from choosing yarn to adding the finishing touches – cheering you on and answering questions in the community.

I can't wait to see your pictures come to life!
Happy crocheting,
Gemma

Yarn for the Picture Set

For all 3 scenes and all motifs, you'll need:

Scheepjes Catona, 100% Mercerized Cotton, (50g/1.76oz, 137yds/125m):

2 balls of the following: Yarn A: Snow White 106
1 ball of each of the following:

Yarn B: Bluebell 173
Yarn C: Bluebird 247
Yarn D: Hazelnut 503
Yarn E: Jet Black 110
Yarn F: Sky Blue 510
Yarn G: Sage Green 212
Yarn H: Caramel 506
Yarn I: Lemon 280
Yarn J: Mercury 074

This pattern is designed to be used with 4ply/sport weight yarn, but you can substitute for any that you prefer. You only really need small amounts of lots of the colours, so now is the perfect time to use yarn from your stash! Whilst I used cotton, you can equally use acrylic or wool for this design.

Here are a few alternative options:

Yarn and Colors Must-Have, 100% Cotton (50g/1.76oz, 125m/137yds)

Comfy Sport, 75% Pima Cotton, 25% Acrylic (50g/1.76oz, 125m/136yds)

Premier Cotton Fair Solids, 52% cotton/48% acrylic (100g/3.5oz, 290m/317yds)
